This course will introduce you to specialist tools and techniques in Illustrator and is for Knitwear designers at an intermediate level. Good basic knowledge of Illustrator is essential as you will be taught advanced skills such as flat drawings, knitting grids and specialist brushes. You will use your existing skills to enhance the specialist subject of knitwear design and its application within Illustrator.

**The course covers the following main topics:**
- Drawing Flats
- Applying knitwear patterns and textiles
- Creating Grids and Pattern
- Using advances brushes for knitwear usage

**Requirements and Suitability**
Participants are required to have a working knowledge of Illustrator before attending this course. If you are a complete beginner, you should enrol onto one of our Illustrator Introductory courses before attending.

This short course is suitable for those interested in the specialist application of Illustrator for knitwear design.

**Please bring a pen, notebook and USB stick to save your work.**

Our short courses are a great value way to learn essential design software. Courses take place in the museum’s IT suite and taught by our team of highly experienced tutors. Tuition is in small groups with a focus on your particular learning requirements.

To enrol visit [www.ftmlondon.org](http://www.ftmlondon.org) or call the Museum on 020 7407 8664.
